\* He may have spent part of his first year at Rampart House. In his report on post managers and clerks, 24 March 1884, Chief Factor J.S. Camsell wrote:

*Mr Millar has had no charge this year. He is young, inexperienced and has rather a better opinion of himself than his performance so far warrants. He is not much liked either by the Rampart Indians, an additional reason to those already given for removing him from a post where it is necessary to humour them to a certain extent to retain them or prevent them trading with the Americans.*

D.38/26, fo. 26-27d.

In his report of 30 June 1886 Camsell wrote:

*Mr Chas Millar, clerk, came in with Mr [Francis] Heron in '83. He was sent to the Rampart at first but has now been in charge of LaPierre's House for 2 years. He is doing well now and trying his best as he wishes to remain in the service, and in this district.*

D.38/6b, fo. 125d.;  
[also in D.38/26, fo.29d.]

+ In his report of 12 September 1889, Camsell wrote:

*Mr Millar, who wintered at Providence has retired from this District this summer, he gave every satisfaction to Mr Reid and also to Mr Wilson at Fort Rae last spring.*

D.38/26, fo. 32-32d.

#He is mentioned in the Peel River journal, 1884-1886. He was in charge of Peel River in the summer of 1885 and kept the journal from July 1<sup>st</sup> to October 10.
