RESOLUTIONS:

Ms. LAMOUREUX – Immigration

27. WHEREAS immigration has enabled Manitoba's population to grow and as a direct result all Manitobans are better off as a whole; and

WHEREAS the Provincial Nominee Program is the sole reason for the high number of immigrants coming to the province; and

WHEREAS Manitobans wanting to see family members immigrate to the province has become the driving force behind the success of the program; and

WHEREAS since Jean Chretien and Gary Filmon agreed to the program in the late 1990s, so many things have changed and the program is critically important to the province.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba urge the Provincial Government to consider having an all party committee conduct public hearings on the Manitoba Provincial Nominee Program and provide to the Legislature a series of recommendations on the future direction that should be taken with respect to the program.

Hon. Mr. FLETCHER – Conflict of Interest Legislation in Manitoba is woefully inadequate and must be overhauled

28. WHEREAS the Conflict of Interest Act in Manitoba has not been changed or updated in 30 years, with the exception of the addition of a Conflict of Interest Commissioner; and

WHEREAS conflict of interest legislation is largely intended to assist elected representatives by providing an objective understanding against which they gauge their actions, and to satisfy themselves and the public that they are acting appropriately; and

WHEREAS Manitobans need an update to the long overdue system of conflict of interest rules that will greatly enhance the public confidence but not compromise the privacy interests of elected provincial representatives; and

WHEREAS broader disclosure, which is required in the 21st century, must include all personal and private interests and be extended beyond financial measurements; and

WHEREAS the investments markets, federal and provincial taxes, and ease of investing through electronic methods has changed dramatically and quite significantly in the last few years; and

WHEREAS MLAs currently do not have to disclose their penny stock holdings, stock holdings, ETFs, bond holdings or property owned outside of Manitoba; and

WHEREAS the federal guidelines are far more comprehensive than those in Manitoba and the Federal Finance Minister has recently been accused of conflict of interest surrounding property outside of Canada and family trusts; and

WHEREAS individuals who are hired as exempt staff or constituency assistants for Ministers and MLAs using taxpayer funds often also serve as members of the Board of Directors of political parties, organizations, or fundraising activities, thus creating a potential conflict of interest based on those competing roles; and

WHEREAS it is in everyone's interest to strengthen the conflict of interest legislation with the philosophy "trust and verify".

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba be urged to update the conflict of interest legislation to include better definitions of immediate family, all investment vehicles, property, trusts, corporations in Canada or liquid assets that are traded anywhere in the world by employing the legislation introduced by the Member of Assiniboia on Conflict of Interest as a possible framework for new and much needed made in Manitoba Conflict of Interest legislation which also includes disclosure and appropriate political activities for those who work for or with MLAs or Cabinet Ministers.

DEBATE ON GOVERNMENT RESOLUTION:

On the Proposed Motion of Hon. Mr. GOERTZEN – Long Term, Sustainable and Flexible Healthcare Funding

WHEREAS health care is the single largest budget item for provinces and territories, each of whom is responsible for the delivery of quality health services for Canadians; and

WHEREAS provinces pay more than 75 per cent of health care costs and the Federal Government continues to reduce growth in health care funding; and

WHEREAS the Federal Government's unilateral approach and refusal to engage in a discussion around the importance of a long term and sustainable partnership on health care funding should be of concern to every Manitoban; and

WHEREAS Manitoba is facing a challenging fiscal situation and the Federal Government's decision to reduce health care funding by more than \$1 billion over the next 10 years is going to put additional strain on the ability to provide services to Manitobans; and

WHEREAS federal funding is essential in order to address the increasing costs associated with the health care needs of the province's growing and aging population.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba be urged to reiterate the position of other governments representing 90 percent of Canada's population, that is, before any further discussion takes place on a renewed Health Accord, the First Ministers request a meeting with the Prime Minister regarding the need for long term, sustainable and flexible funding for the healthcare system and that if this is not accomplished, any proposed reduction in healthcare funding be delayed until 2018/19.
