RESOLUTION:

Mr. MALOWAY – Committing to an East-West Power Grid for Manitoba

23. WHEREAS the Manitoba New Democratic Party (NDP) is committed to clean energy for the future of Manitoba and Canada; and

WHEREAS the construction of an east-west electrical transmission connection in Manitoba would allow for the flow of new, clean hydroelectric power to other provincial markets; and

WHEREAS the former NDP Provincial Government signed several important long-term firm export contracts to SaskPower, Wisconsin Public Service and Minnesota Power for clean energy to other jurisdictions; and

WHEREAS the creation of an east-west power grid would use supply from Manitoba to meet the growing demand in other provinces for renewable energy; and

WHEREAS the International Panel on Climate Change has warned that 1.5 degree global warming above pre-industrial levels will have a catastrophic impact; and

WHEREAS provincial neighbours such as Saskatchewan receive over 79 percent of their energy from non-renewable sources including 43 percent from coal and 36 percent from natural gas; and

WHEREAS Canada has committed to phasing out coal-fired energy generation by 2030; and

WHEREAS an east-west power grid is essential to ensure other provinces quickly increase their use of renewable energy.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba urge the Provincial Government to commit to partnering with the Federal and other Provincial Governments to create an east-west power grid and to continue to pursue export opportunities for Manitoba's hydroelectric power.
