Manitoba
Environment

Licence No. 1490

Issue Date JULY 12, 1991

In accordance with the Manitoba Environment Act (C.C.S.M. c. E125)

THIS LICENCE IS ISSUED TO:

BEAUSEJOUR AUTO WRECKING/DENNIS ROMANIUK: APPLICANT

The following limits, terms, and conditions shall be complied with in connection with the operation of an auto wrecking facility located on Parcel A, Plan 20861, in the NW 1/4 1-13-7E in the Town of Beausejour.

1. The Applicant shall collect all drained fluids (battery acid, gasoline, anti-freeze, crankcase and differential fluids, brake and power cleaning fluids), and safely store the fluids in water tight and covered containers prior to re-use or final disposal.
2. The Applicant shall ensure that each container in which fluids are stored is clearly marked on the side and on the top surface identifying the type of fluid therein.
3. The Applicant shall ensure that the periodic disposal of collected fluids occurs by delivery to a facility that is equipped to safely recycling or destroy such liquids.
4. The Applicant shall maintain a record of such disposal required by Clause 3, recording the date, quantity, and type of liquid removed for recycle or disposal and the location of such recycling/disposal.
5. The Applicant shall ensure that no battery breaking takes place at the site. All batteries are to be stored upright, and periodically removed to a facility that is equipped to safely recycle or destroy batteries.
6. The Applicant shall ensure that no open burning takes place on the site.

7. The Applicant shall ensure that vehicles are placed with an open space existing on all four sides of each vehicle and that vehicles be placed in such a manner that allows access to all areas of the vehicle storage compound by mobile fire fighting equipment.
8. The Applicant shall ensure that a non-see through fence eight feet in height is constructed around the perimeter of the property on which wrecked vehicles and vehicles used for parts are placed and/or stored and that all fencing is kept in good repair.
9. The Applicant shall ensure that there is no stacking of vehicles.
10. The Applicant shall ensure that there is no storage and/or stacking of parts associated with the operation above the height of the fence prescribed in Clause 8.
11. The Applicant shall ensure that the vehicle and parts storage area is properly maintained such that:
 - (a) vegetation is controlled as deemed necessary by the Environment Officer.
 - (b) vehicles, parts, other materials are stored in such a manner that the site can readily be maintained pursuant to Clause 11 (a) and Clause 7.
12. The Applicant shall ensure that all of the above limits, terms and conditions are in effect by November 1, 1991.
13. The Applicant shall ensure that after November 1, 1991, all wrecked vehicles and/or vehicles used for parts are contained within the fenced area as prescribed in Clause 8.
