

AN ORDER OF THE CLEAN ENVIRONMENT COMMISSION  
UNDER THE CLEAN ENVIRONMENT ACT

RE: THE CLEAN ENVIRONMENT COMMISSION and BRANDON GENERAL HOSPITAL, Applicant,

WHEREAS pursuant to the provisions of The Clean Environment Act, Brandon General Hospital submitted an application to The Clean Environment Commission to prescribe limits in connection with the operation of an incinerator for the burning of Type 4 Waste\*, located at or near 150 McTavish Avenue East, in the City of Brandon, Manitoba;

AND WHEREAS no representation was made to The Clean Environment Commission by any person who is, or who is likely to be, affected by an Order of the Commission prescribing limits in connection with the said operation;

AND WHEREAS The Clean Environment Commission considered the application on the 25th day of April, 1977;

IT IS HEREBY ORDERED THAT

1. The Applicant shall ensure that only Type 4 Waste\* is charged to the said incinerator.
2. The Applicant shall ensure that on or before the 1st day of Novmeber, 1978:
  - (a) visible emissions from the said incinerator are so limited that they do not exceed:
    - (i) 60 percent opacity at any time;
    - (ii) 40 percent opacity except for periods required for start-up and charging of refuse to the incinerator, but these periods shall not exceed 4 minutes in any half hour or eight continuous minutes at any time.
  - (b) particulate emissions from the said incinerator are not in excess of 0.57 grams per standard cubic meter of dry flue gas calculated at 25°C and 760 mm of mercury corrected to a carbon dioxide content of 12 per centum by volume at the point of emission.

C80/61*

3. The Applicant shall, at the request of the Environmental Management Division of the Department of Mines, Resources and Environmental Management, submit to the said Division within three months of receiving such a request, a schedule of design, procurement, installation and setting into operation of the equipment and facilities required to meet the emission limits prescribed in this Order.

Order No. 726

Dated at the City of Winnipeg

this 26th day of May, 1977.

  
\_\_\_\_\_  
Chairman,  
The Clean Environment Commission.

C-b-475

\*"Type 4 Waste" means human and animal remains consisting of carcasses, organic and solid organic wastes from hospitals, laboratories, abattoirs, animal pounds, and similar sources, consisting of up to 85% moisture, 5% incombustible solids, and having a heating value of 1000 BTU per pound as fired.
