Dear Mr. Carroll:

**Re: Notice of Alteration City of Winnipeg South End Water Pollution Control Centre

Your letter received September 4, 2015 is hereby acknowledged as a Notice of Alteration in accordance with Section 14 of *The Environment Act*. In your letter you requested an extension to the date the more stringent effluent criteria apply and a modification to the maximum hydraulic capacity of the expanded wastewater treatment facility.

Your request is an alteration to Clause 14b and 23a of Environment Act Licence No. 2716 RR, with subsequent alterations to Clauses 22, 27, 28 and 29. The alteration to Clause 23a is approved in accordance with Section 14(2) of *The Environment Act* and shall be amended as requested.

With respect to your request to amend Clause 14b, we require additional clarification. Clause 14b currently requires the construction and commissioning to be completed on or before December 31, 2015. You are requesting to amend the clause such that the new effluent treatment requirements will be met by July 31, 2018 but further construction will be required beyond this date. Please provide a date by which the biological nutrient removal facilities will be constructed and commissioned.

Should you have questions, please contact Siobhan Burland Ross at 204-945-7015.
