Hi Tracey,

We would like to request an Alteration to our existing Environment Act Licence No 1415 RRR, File No. 3183.00. You will find in the attachment our Notice of Alteration. Our intention is to build a docking facility and boat launch in NE 27-16-12E.

In the other attached documents you will find the proposed marina boat docking diagram, aerial photos, transport Canada approval, Manitoba Hydro lease agreement, rip rap pdf, and water stewardship approval.

Please let me know when we can forward the \$500 fee associated with the Notice of Alteration and if there is anything else that is required for the Alteration to our existing Environmental Licence.

Best Regards,

Gilles Gauthier
