Re: Environment Act License Name Change – Birch River, MB – License 1721 RR

Dear Krystal,

In light of the recent acquisition of the ag retail locations from Viterra Inc., please change the legal name of the Environment Act License 1721 RR for Birch River, MB to Crop Production Services (Canada) Inc.

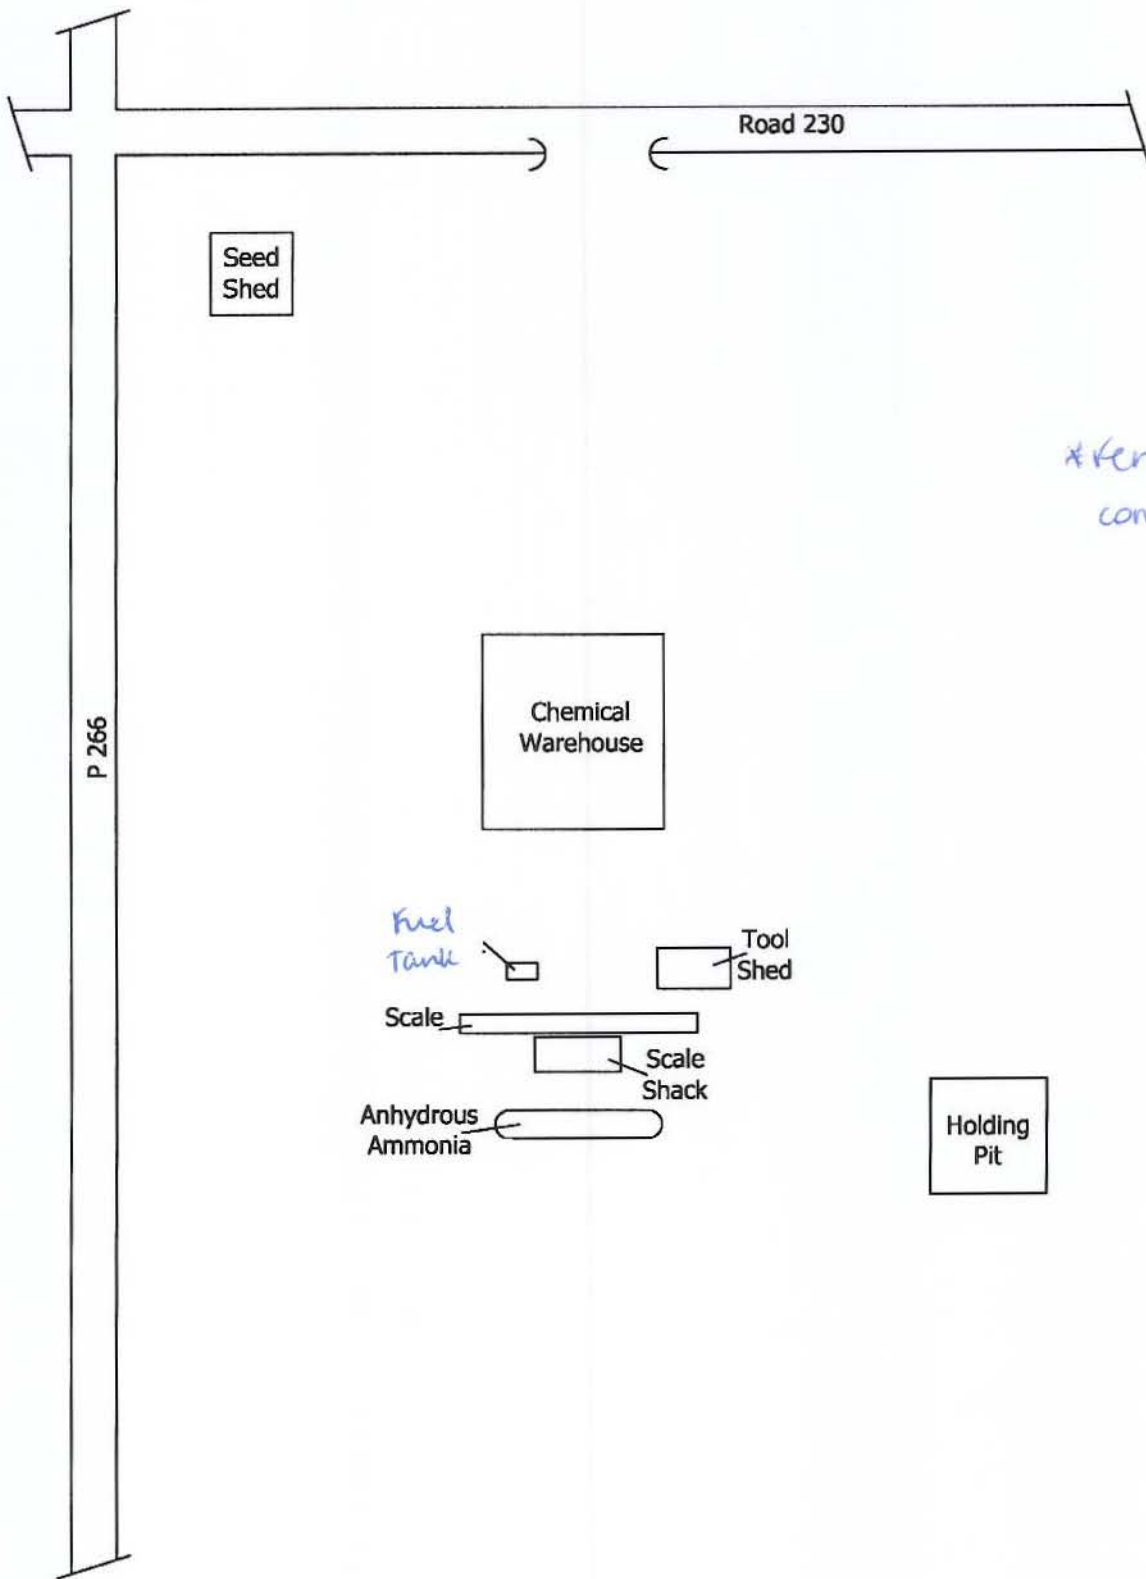

While License 1721 RR shows that the facility was licensed to operate a crop protection products warehouse and distribution facilities, legacy companies added anhydrous ammonia storage which has been in operation for 15+ years. At this time, we would like to notify you that Crop Production Services (Canada) Inc. plans to continue to sell anhydrous ammonia from this location. The total anhydrous ammonia storage capacity for this location is one 30,000 US gallon storage vessel. The location possesses a current Certificate of Compliance with the Fertilizer Safety & Security Council's Ammonia Code of Practice & Implementation Guide.

Sincerely,

A handwritten signature in blue ink that reads 'Randi Cyr'.
