Dear Greg Elson:

**Re: Rural Municipality of St. Clements - Notice of Alteration Approval -  
Environment Act Licence No. 2274 S2 RRR**

Thank you for your notice of alteration dated June 23, 2023. The department understands you wish to continue the pilot leachate irrigation project (project) for two more growing seasons to obtain meaningful results. You also plan to use the same testing and sampling conditions as previously authorized by the notice of alteration approval dated June 18, 2021.

I approve the alteration per section 14(2) of The Environment Act with the following conditions:

1. The project must be completed by December 31, 2024.
2. The Rural Municipality of St. Clements must submit a final report on the findings and recommendations of the project by February 28, 2025, following clause 8 of the June 18, 2021, notice of alteration approval.

All other clauses of Environment Act Licence No. 2274 S2 RRR, as well as notice of alteration approvals dated June 18, 2021, and September 27, 2021, remain in effect. This and the former approvals are available on the public registry at <https://www.gov.mb.ca/sd/eal/registries/3967stclements/index.html>.

If you have any questions regarding this approval, please contact Edwin Yazon, Environmental Engineer, Environmental Approvals Branch at [Edwin.Yazon@gov.mb.ca](mailto:Edwin.Yazon@gov.mb.ca) or 431-335-2554.
