Randi Kozak
Manager, Operations Compliance
Crop Production Services (Canada) Inc.
Unit E – 759 First Street
Brandon, MB R7A 2X5

Dear Ms. Kozak:

Re: Notice of Alteration – St. Jean Baptiste Facility – Licence No. 2048 RRR

Thank you for your letter dated November 7, 2016, requesting approval to proceed with upgrades to the Crop Production Services (Canada) Inc. site located at Lot 2, Plan 32524, River Lot 215 in the Rural Municipality of Montcalm. The upgrades to the existing dry fertilizer plant include:

- installation of a new inload conveyor system with a 100 ton/hr inload bucket elevator system to be placed on a new concrete pad,
- a new inload drive over conveyor, including a new concrete drive over pad, and
- upgrades to the existing concrete floor within the bulk granular fertilizer warehouse.

The Environmental Approvals Branch is processing this request as a minor alteration to Environment Act Licence No. 2048 RRR, pursuant to clause 14(2) of *The Environment Act*. It has been determined that the potential environmental effects from upgrades are insignificant and can be accommodated by the existing limits, terms and conditions of Environment Act Licence No. 2048 RRR.

I hereby grant approval to Crop Production Services (Canada) Inc. to implement the proposed alteration.

If you have any questions on this matter, please contact Ms. Krystal Penner of this office at (204) 945-7107. For any operational issues please contact the Regional Supervisor Peter Crocker at (204) 726-6565.

Yours sincerely,

Tracey Braun, M.Sc.
Director
