Dear Mr. Leduc:

**Re: Rocky Mountain Equipment Sedimentation Pond (Neepawa)
Environment Act Licence No. 3142**

This is further to a liner installation report for the sedimentation pond for your Neepawa dealership provided by Tim Dorn of Excel Design and Construction on July 17, 2015. I inspected the liner installation the same day. As the liner meets the requirements of clauses 13 and 14 of Environment Act Licence No. 3142, approval to complete construction and operate the facility is hereby provided pursuant to Clause 16 of the Licence.

Record drawings for the facility are due within four months of the date of this letter (by November 20, 2015) as required by Clause 19 of the Licence.

If you have any questions regarding these matters, please contact me at (204) 945-7021 or at Bruce.Webb@gov.mb.ca.

Yours truly,
