Mark Vander Meulen
Juliana Manufacturing Ltd.
355 Transport Road
Winnipeg, MB R2C 2Z2

Dear Mr. Vander Meulen:

Re: Juliana Manufacturing Ltd. Pet Food Manufacturing Facility- Environment Act Proposal

The initial review of the Juliana Pet Food Manufacturing Facility Environment Act Proposal has been completed.

The review has generated comments from the Technical Advisory Committee (TAC) which are presented in the attached items. Specifically, Juliana Manufacturing Ltd. is required to submit a Hazardous Waste Generator Registration application, prepare an Emergency Response Plan and obtain a Water Rights Use Licence for the development.

The environmental assessment and licensing process will remain on-going as the company addresses these requirements.

If you have any questions, please contact me at 204-945-7012.

Yours sincerely,

SUBJECT: Environment Act Proposal – Juliana Manufacturing Ltd. (Client File No. 5753.00)

Environmental Compliance and Enforcement has reviewed the above noted Environment Act Proposal (EAP). We suggest that Juliana Manufacturing Ltd. submit a Hazardous Waste Generator Registration application and an Emergency Response Plan for their operation, including the stipulation that the Environmental Emergency Response Line (1-855-944-4888) be notified immediately in the event of fire, spill, or any other potential environmental incident.

Subject: RE: EAP for review and comment - Juliana Mfg. File: 5753.00

Jennifer,

Based on what we learned from reading the EAP the current operation requires a Water Rights Use Licence.

The contact person for initiating the process for the water rights use licence is Lorraine Thibert. She may be reached at 204-945-6693.

Rob Matthews, WULS, CWS
