

SUMMARY OF COMMENTS/RECOMMENDATIONS

PROPONENT: Canadian Tool and Die Ltd.
PROPOSAL NAME: Canadian Tool and Die
CLASS OF DEVELOPMENT: 1
TYPE OF DEVELOPMENT: Manufacturing -
CLIENT FILE NO.: 5760.00

OVERVIEW:

Manitoba Conservation and Water Stewardship received a Proposal on June 30, 2015 for the continued operation of a parts manufacturing facility at 1331 Chevrier Boulevard in Winnipeg, Manitoba. The facility manufactures hitches, hubs and spindles, hydraulic cylinders, wheel rims and other various custom machined products.

The Department, on August 19, 2015, placed copies of the Proposal in the Public Registries located at Legislative Library (200 Vaughan Street), the Winnipeg Millennium Public Library and online at <http://www.gov.mb.ca/conservation/eal/registries/5760cdntool/index.html>. Copies of the Proposal were also provided to the Technical Advisory Committee (TAC) members. A notice of the Environment Act proposal was also placed in the Winnipeg Free Press on August 22, 2015. The newspaper and TAC notifications invited responses until September 21, 2015.

COMMENTS FROM THE PUBLIC:

No Comments

COMMENTS FROM THE TECHNICAL ADVISORY COMMITTEE:

Canadian Environmental Assessment Agency

No Comments.

Manitoba Agriculture – Land Use Branch

No Response.

Manitoba Conservation and Water Stewardship –Compliance and Enforcement Branch

No Response.

Manitoba Conservation and Water Stewardship – Climate Change and Air Quality Branch

Air Quality Section has reviewed the above proposal and provides the following comments:

- *Based on the provided information, it is expected that there will be no significant impact on air quality due to this facility.*
- *Air Quality Section suggests that the EA Clause regarding noise and odour nuisance be included.*

Disposition

Clauses 8 and 9 of the draft Environment Act Licence addresses issues related to odour and noise nuisance.

Manitoba Conservation and Water Stewardship – Wildlife and Fisheries Branch

No Concerns

Manitoba Conservation and Water Stewardship – Parks and Protected Spaces Branch

No Response.

No Concerns.

Manitoba Municipal Government

No Response.

Manitoba Health – Environmental Health Unit

No Response.

Manitoba Labour – Office of Fire Commissioner

No Concerns

Manitoba Labour – Work Place Safety & Health

No Response

PUBLIC HEARING:

A public hearing is not recommended.

CROWN-INDIGENOUS CONSULTATION:

The Government of Manitoba recognizes that it has a duty to consult in a meaningful way with Indigenous communities when any proposed provincial law, regulation, decision or action may infringe upon or adversely affect the exercise of the Indigenous rights of that community.

This facility is an existing parts manufacturing facility located on a private land within the City of Winnipeg. There would be no infringement of Indigenous rights under Section 35 of the Constitution Act, 1982. Therefore, it is concluded that Crown-Indigenous consultation is not required for the project.

RECOMMENDATION:

The Proponent should be issued a Licence for the continued operation of a parts manufacturing facility in accordance with the specifications, terms and conditions of the attached draft Licence. Enforcement of the Licence should be assigned to the Environmental Compliance and Enforcement Branch of Manitoba Conservation and Water Stewardship.

A draft Environment Act Licence is attached for the Director's consideration.
