

SUMMARY OF COMMENTS/RECOMMENDATIONS

PROPONENT: Town of Snow Lake
PROPOSAL NAME: Snow Lake Used Oil Depot
CLASS OF DEVELOPMENT:
TYPE OF DEVELOPMENT: Hazardous Waste Storage, Handling &/or Treatment
CLIENT FILE NO.: 5835.00

OVERVIEW:

Manitoba Sustainable Development received a Proposal on April 11, 2016 for the creation of a facility for the collection of used oil, products and materials to be located at the Snow Lake Waste Disposal Ground at NW 9-68-17 WPM. The depot would collect used oil, products and materials in accordance with the *Used Oils, Oil Filters and Containers Stewardship Regulation*. No waste oil or oil products are to be permanently disposed of at this facility.

The Department, on June 16, 2016, placed copies of the Proposal in the Public Registries located at the Legislative Library (200 Vaughan Street), the Winnipeg Millennium Public Library and online at <http://www.gov.mb.ca/conservation/eal/registries>. An electronic link to the Proposal was also provided to the Technical Advisory Committee (TAC) members. A notice of *The Dangerous Goods Handling and Transportation Act* proposal was also placed in the Snow Lake Underground on June 16, 2016. The newspaper and TAC notifications invited responses until July 15, 2016.

COMMENTS FROM THE PUBLIC:

No comments were received from the public.

COMMENTS FROM THE TECHNICAL ADVISORY COMMITTEE:

Manitoba Sustainable Development – Climate Change and Air Quality Branch

No significant impact on air quality provided that VOC containing hazardous materials will be stored properly. Recommend include odour clause.

Disposition:

Standard odour clause included. Containers as per CCME and industry standards.

Manitoba Sustainable Development – Office of Drinking Water

Notification to the water treatment plant operator in the event of a spill.

Disposition:

Clause include for notification of Water Treatment Plant operator and Office of Drinking Water in the event of a spill.

PUBLIC HEARING:

A public hearing is not recommended for this Development.

CROWN-INDIGENOUS CONSULTATION:

The Government of Manitoba recognizes that it has a duty to consult in a meaningful way with Indigenous communities when any proposed provincial law, regulation, decision or action may infringe upon or adversely affect the exercise of the Indigenous rights of that community.

This proposed facility will be located in an existing waste disposal ground. There would be no infringement of Indigenous rights under Section 35 of the Constitution Act, 1982. Therefore, it is concluded that Crown-Indigenous consultation is not required for the project.

RECOMMENDATION:

The Proponent should be issued a Licence for the construction and operation of a used oil collection depot in accordance with the specifications, terms and conditions of the attached draft Licence.

Enforcement of the Licence should be assigned to the Environmental Compliance and Enforcement Branch of Manitoba Sustainable Development.
