Subject: RM of Yellowhead - Shoal Lake Water Treatment Plant File 5847.00

I am writing more in regards with more information than objection, other than I don't know how the small community can come up with money to fund this project. They have mentioned the waste would be pumped into our lake and eventually flow to the Red River. How is this not an environmental problem? In order to flow, does the water system not have to be free to flow and not dammed up?

I also am concerned about the quality of water after this was to happen. Would it not affect the aquatic life? Also the have a dammed up area where our children swim and take swimming lessons. Years ago they used a chemical to keep down the alga and now no longer due to the environment. Will dumping this waste not make an upheaval in the lake's balance? Also, they pump water from one side of the lake into the "swimming hole" for our children, how would affect the well being of people using the lake for recreation?

Thank you for your time,
Jorg and Jodi Albry

Hi Bruce,

The above-noted EAP mentions the requirement for a Permit to Construct or Alter a Public Water System and there are no other public water systems that use this Shoal Lake as a raw water supply.

In light of that, the ODW has no concerns with this project.

Thank you,

Daniel Drimes, C.E.T.

RE: R.M. of Yellowhead-Shoal Lake WTP
Client File No. 5847.00

Dear Ms. Braun:

Manitoba Infrastructure (MI) has reviewed the proposal under the *Environment Act* noted above and has the following concerns/comments associated with the proposed development:

- The proposed construction of a membrane concentrate pipeline from the new Shoal Lake WTP to Shoal Lake crosses PTH 21 and will require an underground utility agreement. An agreement can be obtained at the Manitoba Infrastructure Office located in Brandon. Please contact Ashley Beck (Regional Planning Support Tech) at (204)726-7000 or by email Ashley.Beck@gov.mb.ca for further information.

Thank you very much for providing us the opportunity to review the proposal.

Sincerely,

A handwritten signature in blue ink, appearing to read "R. Coulter", is written over a light blue circular stamp.
